

Pennington CE Primary School KS2 Assessment Results 2017

Each Year, Key Stage 2 results reflect the abilities of every child in a particular cohort. Here at Pennington, we strive for each child to achieve their best both academically and socially. We acknowledge that children begin learning from different starting points and each child has differing needs to support their learning from the least to the most able.

In school we track our children's learning progress carefully; most children's learning can be met through careful planning by the class teacher. In addition to this we provide support for learning where needed in small groups or individual tuition.

Following consultation with parents we may also access the Specialist Teacher Service if we believe this may benefit an individual pupil.

We are very proud of the achievements of all of our children and we are certain they leave Pennington ready to continue their learning journey.

% expected	Reading	Writing	Maths	SPAG	Science	R/W/M
Pennington	68%	71%	61%	74%	77%	39%
National	71%	76%	75%	77%	82%	%

Average scaled score	Reading	Writing	Maths	SPAG	Science	R/W/M
